

Diamond Panel Comfort Shawl

This shawl has a very subtle diamond design. It is almost like an embossing effect. We use Homespun for its softness and comfort. The fuzziness from this yarn gives it a light detailing. If you want to have more of a detailed on your design I suggest you use another yarn that is not as fuzzy. I like the softness of the detailing myself.

You can adjust the length of this shawl making it shorter or longer by adjusting the length of the middle portion. You can widen the shawl by adding another diamond panel.

Finished size: The completed shawl is approximately 22" X 62".

Gauge: The gauge in this shawl is not that important, therefore, measurements are approximate. This shawl is intentionally knitted loosely so that the yarn can maintain its softer look.

Needle: US 13 straight

Yarn: 3 skeins Lion Brand Homespun
Color: Apple Green or any color of your liking.

Instructions:

CO 50

Work in Garter St. until piece measures 5" from CO edge, ending on WS.

Next row (RS): k
Next row (WS): p

Work Diamond Panel Chart rows 1-11

Next row (WS): p
Next row (RS): k

Next cont. working in Garter St until piece measures 40" from end of Diamond Chart pattern, ending on WS. You may add length to the shawl by adding more rows of Garter St in this area.

Next row (RS): k
Next row (WS): p

Next work Diamond Panel Chart rows 1-11

Next row (WS): p
Next row (RS): k

Next cont. working in Garter St. until piece measures 5" from 2nd Diamond Panel pattern.
